Mission Teams Change Lives

There are a number of enriching benefits that take place on a mission trip. You have the opportunity to experience other cultures and people. You have the blessing of serving people less fortunate than yourselves. You form close relationships with your team members and the people that you serve. You experience God in new ways, your faith increases and you are forever changed. God expands your world view and your understanding of His Kingdom. He imparts to you a vision of how you can be a part of bring more of Jesus into more of the world.

Our mission teams show the love of Jesus to the people in the places where we go. They serve into real life needs and make people's lives better. Every person has gifts and skills that God wants to use to benefit others in need. Our efforts encourage faith in God. Lives are changed through the needs that our teams meet and the personal touches that build bridges for spiritual transformation. We invite you to join us this year on a life changing Kingdom adventure. God will use you to make a difference and you will never be the same.

Mission Team Dominican Republic August 3-10, 2019

Our Mission Team to the Dominican Republic will be Saturday to Saturday, August 3-10. The team will be hosted by DR Missionaries, Rick and Carie Bernard and their staff at their missions compound in San Cristobal. The Bernards have been serving in the DR over 15 years, have a wonderful missions staff and offer comfortable accommodations. They oversee The Esther House (girl's home), provide daily meals to 125 street children through their Bread of Life Feeding Program and do various outreaches into the surrounding community. All of these initiatives include invitations to faith and teachings about Jesus. They host a number of teams each year.

Mission of Our Team

This team will have the opportunity to visit and serve the girls at The Esther House and the children in the Bread of Life Feeding Program. There are crafts, activities, teachings that affirm the value of the children, demonstrate the love of Jesus and offer faith and guidance for life. God uses relational touches to lighten these little lives facing many hardships. The team will visit a very poor area to pray, give basic medical care and or other compassionate touches. There will be opportunities to attend and participate in churches.

COST:

The cost for this Mission Trip is \$1500. This includes airfare and the in-country expenses of food, lodging, transportation, etc. (Please note that this amount may fluctuate a little due to the costs of flights from your location.) There is a \$100 deposit that is to be submitted with the application. The cost of your flight will be due when booked. The remaining amount will be due by July 15. There is time to gather your resources.
